

Step Up To Tetra Dynamics' Aesthetic Edge Studio

Recreating Nature's Artistry

Tetra's Aesthetic Edge Studio is comprised of a team of expert technicians led by lab partner, **Connie Moran**, and **Patrick G., MDT**. Patrick brings a wealth of experience and fine technique to his work at the studio. His past training includes working under many notable and esteemed technicians in the industry including: Trevor Longchild, Don Cornell, Willi Geller and Hiroki Aiba.

Restorations produced by the Aesthetic Edge Studio truly imitate nature's work. The process is streamlined using an esthetic wax-up, and the outcomes are very predictable due to the detailed, personal consultations with the doctor and the patient. The studio also takes special care to ensure the best possible shade match utilizing high tech methods.

The Aesthetic Edge Studio truly make their cases stand out!
