

# Implants

From Tetra Dynamics, Inc.

## Count on Tetra's All-Inclusive Implant Pricing For A Simplified Process and Exceptional Results

Since 2001, Tetra Dynamics has provided all-inclusive pricing for custom abutments for the most popular systems. We guarantee a first-class experience with consistent results, exceptional quality and *no hidden fees*.

### **Custom vs. Standard Abutments. Why Settle?**

It is commonly believed that custom abutments cost a lot more than standard abutments. **Not true....** Why settle for a standard abutment and the risk of a less than optimal outcome? We provide you with premium custom abutments resulting in excellent fitting, impeccable quality implant restorations. All of our work is manufactured on our premises, or through the milling systems of major implant companies. Our team of experts are with you every step of the way with an all-inclusive, cost-effective pricing structure.

### **A Variety of Styles and Materials**

We offer a variety of titanium and zirconia abutments, along with your preferred restorative material. Tetra also offers our very own full contour zirconia—ZirCap™. It's a great option for a tight bite and lower fees on posterior teeth.

Since 1990, Tetra Dynamics has provided dentists with the finest quality products and service. We would love to be your preferred source for Dental Implants.

### **Expertise and Quality You Can Depend On**

Our Implant Department is expertly managed by a highly skilled and experienced CDT holding one of the few specialized implant certifications in the U.S.. And, our stringent quality control standards are strictly enforced by our three owners who are actively involved in daily operations.

We also offer, free-of-charge, estimates, treatment planning and chairside technicians at your service.

**Contact us at 888.877.8271 for more information and a free consultation.**
